

FD7420 19" Rack Keyboard With Touchpad and Cable Carriage

Product Overview

The FD7420 19-inch Rack Keyboard with Touchpad and cable carriage is designed for the 19-inch network rack solution. In the market, it's difficult to find a special keyboard that can fit the 19-inch rack size and have maximum compatibility. The FD7420 solves the problem of how and where the keyboard and mouse can be placed in a 19-inch Rack Network Solution. Besides the basic functions, the FD7420 19-inch Rack Keyboard also has many user-friendly functions. The FD7420 keyboard is combined with a touchpad and cable carriage. For wider usage in applications, the FD7420 provides PS/2 interface solutions. Users can use the FD7420 19-inch Rack Keyboard in all situations of today's computer hardware environment. We can also offer multi languages on the FD7420 19-inch Rack Keyboard, such as: English (UK), English (US), French, German, and Spanish version.

Features

- Complies with 19-inch EIA standard
